Profile

I work as the Electrical Engineer from 2019 .
I knew about HTML-CSS when i worked a I.O.T project in the University.
In 2021, I start to learn about Front end and build my personal projects.
In the school, i leaned many things from my mentor, until now I'm still updating
my knowledge everyday.

Experiences

2015 - 2019	Learn C in Embedded Programming at University.
2021 - 10/2022	Follow the self-study courses (F8 , Udemy). Learn to become a Front-end Developer CyberSoft Academy.
6/2022 - present	Work at GPT GROUP as a Front-end Dev.
